

## *A Letter from Central Avenue...*

To the Partners and Friends who support the Ministry of Alysén Merrill

We would like to thank you for supporting Alysén. Her ministry has been a great blessing not just to our congregation here at Central Avenue but to the wider work of Churches of Christ and other Christian work in our district.

When Alysén came to us we agreed that she should have a ministry wider than the local congregation and her work has also been a blessing to the National work of our churches while giving us here at Central Avenue significant help.

We believe that Alysén has ministry gifts, which cannot be fully used in our small congregation. In moving to the Pavilion Christian Church in Birmingham, she will have greater opportunities to help the work in England and will be closer to a central area for our churches.

We would like to thank all of you for supporting her in ministry and encourage you to support her fully in giving and prayer in the new challenge she will be taking on.

Every Blessing,

Alan S. Robinson  
Minister at Central Avenue
